Planes Bring More Refugees To Camp Kilmer

Camp Kilmer, N. J. (AP)—Freedom Flight No. 2 brought another 75 Hungarian refugees to America today.

They arrived aboard a Trans-American DC4 at McGuire Air Force Base in the middle of a freezing night and were immediately taken by Army buses to the Kilmer reception center.

Only a few newsmen were on hand — in contrast to the hundreds of press, radio and television representatives who jammed the airfield at noon Wednesday when the first plane carrying 60 escapees from Communist tyranny landed.

Brig. Gen. Sidney C. Wooten, commander of Camp Kilmer, greeted the newcomers. A group of Camden citizens, who had waited half the night, presented toys to the children as they boarded the buses.

The processing of the latest arrivals by immigration and health officials was to begin this morning after several hours of sleep in renovated Army barracks.

Two more plane loads of refugees — each with 74 persons aboard — were scheduled to arrive at McGuire later today. A fourth plane is flying straight to Milwaukee.

The refugees are among several thousand to be resettled in the United States before the end of the year under White House orders.

Vienna, Austria (AP)—The government-controlled Budapest radio claimed today that the Budapest Workers' Council had called off its strike after "partial agreement" with the government of Soviet-backed Premier Janos Kadar.

The council called the strike Wednesday when Russian troops and Hungarian police kept it from meeting in the Budapest Sports Hall.

The strike call had little effect on the labor situation since a majority of Hungarian workers already were on strike. They are making a last ditch effort to win concessions from the government in the face of Soviet guns and food and fuel shortages.

The effect of the new back-to-work call remained to be seen.

Once before the workers' leaders called off the original strike. The workers switched to a sit-down.

Jaycees Making Plans For Membership Dinner

Warren Junior Chamber of Commerce members are advised Monday morning is the deadline for making reservations if they plan to attend the membership dinner-meeting at Marconi Outing Club at 6:15 p.m. next Wednesday.

Arranged in conjunction with the membership campaign, the dinner will be served free to all members who come and bring a new member.

The reservations are to be made by calling Allen Anderson, Jack Larson, or Dick Munch.

For the program to follow dinner, guest speaker will be Jim Sharp, director of recreation in Jamestown, N.Y.

Donations Continue To Roll In For Ed and Mabel Stokes

The fund to aid Ed and Mabel Stokes rose to a heartwarming \$648 early today.

One of the more understanding gifts came from guests and staff at Watson Memorial Home where the impacts of even partial disability are come into contact with each day. The generous ladies at Watson contributed \$45 for Ed.

Another generous subscription came from office employees at Struthers Wells who dug into pockets for \$66. Betts Machine Co. Welfare Fund had donated \$25. First Lutheran Church Brotherhood donated \$5.

The 39-year-old Youngsville man lost both his arms well above the elbow on October 28th when he was accidentally thrust into the teeth of a tractor-driven saw used to rip timber. The former crane operator barely escaped with his life as Ed's face was pressed into

Assembly Heads for Another Clash Over British, French And Israeli Troops in Egypt

BULLETIN

United Nations, N. Y. (AP)—Britain today reaffirmed its promise to withdraw its forces from Egypt, but made it clear that it would not bow to the growing demands to get out immediately.

United Nations, N. Y. (AP)—Diplomats from all parts of the world joined today in a new appeal to Britain, France and Israel to get their forces out of Egypt without further delay.

Delegates from the Soviet bloc and Latin America quickly lined up behind a resolution of 21 Asian and African nations calling on the invading forces to withdraw "forthwith."

By TOM HOGE

United Nations, N. Y. (AP)—The General Assembly appeared headed today for another clash over Britain, French and Israeli troops camped in Egypt. The United States reportedly backed new demands that they pull out at once.

Diplomats said the U. S. delegation had thrown its support behind an Asian-African resolution calling for the troop withdrawal. The resolution was expected to be introduced before the 79-nation Assembly today.

U. S. chief delegate Henry Cabot Lodge, Jr., reportedly decided to back the resolution after conferring with President Eisenhower in Washington.

A U. S. source said the United States and India also would join in sponsoring a resolution to authorize U. N. Secretary General Dag Hammarskjöld to negotiate contracts for clearance of the blocked Suez Canal. The resolution also would praise Hammarskjöld's work in setting up the U. N. police force.

When the 21 Asian-African sponsors of the new withdrawal resolution met to put finishing touches on it, some of the group reportedly wanted to set a deadline for the invaders to get out. Later they decided to ask the Assembly to note "with grave concern" that Britain, France and Israel had not yet complied with its decisions of Nov. 2 and 7 that they should withdraw from Egypt. The new resolution then repeated the previous calls for withdrawal.

The British, French and Israelis have told Hammarskjöld they are pulling out some troops. But they said before a complete pullback, the U. N. must insure free navigation through the Suez Canal after it is reopened and must guarantee Israel against Arab attacks and economic blockade.

U. S. support for the Asian-African resolution would widen the split between America and her Western partners. It collides head-on with the British stand spelled out in the House of Commons yesterday by acting Prime Minister R. A. Butler.

Butler said British-French withdrawal would not take place until the U. N. force is "competent" to keep peace between Egypt and Israel, 2. insure restoration of "secure freedom of navigation" through the canal and 3. achieve unhindered use of the waterway by world shipping in accordance with the six principles adopted last month by the Security Council.

The French have announced they have already withdrawn about a third of the forces they landed in the Suez Canal zone.

Despite Keightley's assurance, Britain's acting Prime Minister told the House of Commons yesterday that the British and French would not pull out of the canal zone entirely until they regarded the U. N. Middle East police force "competent" to carry out its mission. That includes reopening the canal and keeping it open to ships of all nations, Butler said.

The commander of the U. N. police force moved quickly today to get his headquarters here in operation. But there was further delay in sending his troops to stations to reduce the danger of a renewal of fighting in the canal zone.

Stamford, Conn. (AP)—Ezio Pinza, whose deep, mellow voice brought swoons from the bobby-soxer's mother, says he doesn't intend to sing any more.

The 64-year-old opera star who switched to popular musicals—"South Pacific" and "Fanny"—just wants to act.

Pinza suffered a heart attack in Italy last August, but he said last night his health did not influence his decision.

"It is my desire and my intention not to sing anymore," he said. "I decided this during the time when I was in Fanny."

Rider Dies in Warren Co. Accident

Above photo by Kirk Sawyer, Corry, shows the 2,000-gallon capacity milk truck owned and operated by Thomas Testi, Erie RD, which skidded from the highway and rolled over between Columbus and Clymer, N. Y., causing fatal injuries to Joseph G. Testi, North East RD, a passenger in the vehicle.

The first severe snow storm of the winter season claimed one life in Warren county when Joseph Gerald Testi, 33, of RD 5, Greenfield, North East, was fatally hurt about 10:30 Thursday morning after a milk truck owned and driven by his brother Thomas Testi, 31, RD 6, Erie, skidded from the pavement on what is known as the Plank Road leading from Columbus to Clymer, N. Y., in Columbus township. A Corry physician who examined the body after it was moved to that place informed Coroner Ed Lowrey and Sheriff L. E. Linder, who investigated with members of the Corry barracks of the State Police, that Testi died from hemorrhages secondary to chest injuries. When the huge tank truck with a capacity of 2,000 gallons of milk, skidded from the pavement and rolled over a couple of times, the cab came to rest across the back of the victim. The driver escaped injury. Erie County Deputy Coroner Bob Bracken and his brother Olin, aided in the investigation.

The driver, visibly overcome by grief over the holiday tragedy, told the officers that his brother had accompanied him on the trip to assist him in getting the collections completed early so that they could have more time to enjoy Thanksgiving together. He said he was driving down the highway toward Columbus, in a southerly direction, at a speed of between 35 and 40 miles an hour, when he observed a cab backing toward the road from a driveway. He attempted to ease up on the brake but the huge vehicle skidded in the direction of a large maple tree. He pulled to the right a little more and felt it go out of control, after which it flipped over. The contents in the tank is believed to have some effect on the swaying of the truck. Testi said he believed his brother attempted to open the door and jump but was caught before he could make the leap.

Testi said the truck had been purchased by him about two months ago at a cost of about \$8,000. He hauled milk for the Dairymen's League.

The operator of the car which was backing out of the driveway at the time of the accident, Phillip Wade, RD 2, Corry, told the officers that he was backing out to put the car in the barn when he noticed a truck approaching. He immediately proceeded to back (Turn to Page Eight)

The heavy snow fall in this area prevented Santa Claus from flying his helicopter to Warren today but Santa, himself, arrived on time to greet local boys and girls and to help turn on the overhead street lights.

Santa Claus (alias Richard Rapp) rode in a convertible owned by Edward Johnson and tossed candy suckers to the many children who lined the parade route. Following the parade Santa went to the Warren General Hospital to talk with the boys and girls who were confined to the children's ward and could not get out to see the parade.

On hand to welcome Santa this afternoon were Jake Lovinson, Chairman of the Retailers Committee, F. E. Kiechauer, chairman of the Street Lighting Committee and his daughter Jane, and Charles R. Tranter, executive vice president of the Chamber of Commerce. Harry Barley with his daughter, Penny, provided a second convertible to carry these persons in the parade.

Santa's mailbox furnished by the Post Office and decorated by Myron Munson was in the parade on top of a pickup truck furnished by Walker's Creamery. A number of girls from the YWCA served as Santa's helpers and walked alongside the mailbox picking up letters from the children. The mailbox was left at the Carver House lot so that letters to Santa can be mailed there in the next few weeks. Each letter will be answered.

Leading the parade was a police car with Chief Michael Evan. At each intersection the overhead street lights were turned on heralding the arrival of the Christmas shopping season. These lights will be on each afternoon and evening from now until after Christmas.

Inquiry Board Holds Hearing In Dock Strike

BULLETIN

Washington, (AP)—The presidential inquiry board in the East-Gulf Coast docks strike said today it hopes to file a report with the White House late tonight. Once the report is in, the government can seek a back-to-work court order. The board's timetable made it doubtful that the Justice Department could ask before tomorrow for the 80-day injunction allowed under the Taft-Hartley law. But a court move tonight still was a possibility.

The board operated in high gear under the national emergency provisions of the Taft-Hartley law, invoked by President Eisenhower in a Thanksgiving Day executive order.

The strike, in its eighth day, has idled 60,000 longshoremen along the Atlantic and Gulf Coasts and tied up an estimated 200 ships to cripple ocean trade. The White House said the stoppage was serious and had "repercussions far beyond the maritime industry."

Under the national emergency provisions — the government's toughest anti-strike weapon — the three-man inquiry board named by the President must file its fact-finding report with the White House before the Justice Department can move for an 80-day back-to-work court order.

The striking International Longshoremen's Assn., said in advance it will obey such an injunction when issued. This seemed to insure resumption of port activity next week.

It was indicated that if the inquiry board files its report early enough this afternoon Eisenhower will probably order the Justice Department to move into court for the injunction right away. Otherwise, the court move would come tomorrow, probably in New York Federal District Court.

Thomas W. Holland, university professor and chairman of the inquiry board, said the board wanted to "get out our report as fast as possible." By law, it must be made public.

HOLIDAY FEATURE STORY

CAMDEN, N. J. (AP)—The way the police heard it, Mrs. Asa Redrow decided she'd had enough husbandly advice on how to roast the Thanksgiving turkey. She threw the bird at her husband. Redrow ducked. The turkey crashed through a kitchen window. Redrow faced a hearing today on assault and battery charges. Mrs. Redrow said he struck her.

NATIONAL GUARD UNITS ARE ORDERED OUT TO HELP ERIE: MOST INDUSTRIES ARE DOWN

Harrisburg, (AP)—Gov. Leader today ordered National Guard units in Erie to work with Mayor Arthur Gardner to help alleviate emergency conditions arising out of a two-foot snowfall in the area.

Erie, Pa. (AP)—A howling storm dumped two feet of snow on this lakeport city today, paralyzing transportation and business. A state of emergency was declared.

Mayor Arthur Gardner declared the emergency and asked Gov. George M. Leader for National Guard aid. The Weather Bureau forecast more snow for the community of 130,000—third largest in Pennsylvania.

Nearly all industry and business came to a standstill as workers found it impossible to get to their jobs. There was no public transportation within the city.

Main traffic arteries, including Routes 5 and 20 which connect Buffalo and Cleveland, were plugged tight by the deep snow.

Mayor Gardner called a meeting of all emergency and relief units in the city to discuss the situation. He put out a general call for all citizens to join in helping to clear streets.

The swirling snow started to fall early yesterday and continued unabated until about 4 a. m. today when it stopped except for scattered flurries. But by midmorning heavier snow began coming down again.

It was estimated unofficially that more than 2,000 persons were stranded in Erie County, including many motorists and bus passengers traveling because of the Thanksgiving holiday.

Some cars were buried in the high drifts. The roofs of some Erie homes collapsed under the weight of the snow.

At Ashtabula, Ohio, National Guard tanks were pressed into

Winter Weather Will Continue Forecast Says

By The Associated Press
Extended forecast for the period, Saturday, Nov. 24 through Wednesday, Nov. 28: Western Pennsylvania, Western New York and West Virginia: Temperature will average 6 to 8 degrees below normal with no definite day to day trend. Recurring snow and snow flurries throughout the period averaging two-tenths to four-tenths of an inch precipitation but likely heavier near the lower great Lakes and south-eastward over western slopes of the Appalachians.

Eleven Fatally Hurt On Highways in State

By The Associated Press
Eleven persons were fatally injured on Pennsylvania highways during the Thanksgiving holiday.

Three Georgetown University students from Pennsylvania died Wednesday night in an automobile-truck collision near McConnellsburg in Fulton County. They were en route from the school to Pittsburgh for the holiday.

A Philadelphia policeman Edward Barrett, 60, was fatally injured yesterday in a fall down concrete steps at a police station, bringing the holiday toll to 12.

REQUEST DISMISSED

Pittsburgh (AP)—A government request for a ruling against New Castle and Lawrence County taxing authorities has been dismissed by U. S. District Court Judge Joseph P. Wilson. The government sought voiding of local tax assessments amounting to \$115,000 on a government plant in New Castle. The taxes were levied for 1954. United Engineering and Foundry Co. formerly leased the plant. Mesta Machine Co. now occupies it.

Warren County Highway Crews Are Busy Cindering & Plowing

The extended Indian summer which had blessed this area through the fall weeks dissolved today under winter's frigid cocoon.

Icy winds on Thanksgiving sent temperatures hovering in the 20's down a seeming zero while snow squalls gave a sugary premonition of more to come.

With a light snow falling most of this morning, Warren still appeared certain to escape a large portion of the snow blanket which fell yesterday in areas adjacent to Lake Erie.

The City of Erie was the hardest hit with a 3-foot layer marooning the area today. Jamestown and Corry were also hard hit.

Warren County Highway crews started yesterday and continued cindering and plowing throughout the night as light snows glazed roads throughout the county and made driving extremely hazardous.

Several slight traffic mishaps occurred and one Erie man was killed near Clymer, N. Y., when a

milk truck in which he was riding skidded and rolled over, crushing him with the cab (see story page one).

Two Times-Mirror employees were numbered among the many who drove to distant points to spend the holiday with relatives, became "snowed in" and were unable to report back today. A survey revealed that similar conditions existed in many industries and offices throughout the borough and county.

The Warren County highway department joined in with other crews around Erie as all available equipment was pressed into service to remove snow from highways which were clogged with drifts up to seven feet.

Erie, which was worst hit by the lake-edge storms, had a unique addition to the snow. Thunder and lightning blasted through the sky most of the day.

Jamestown reported a foot of snow yesterday afternoon and all (Turn to Page Fourteen)

Christmas Is Coming Early For Many Lucky Stockholders

By SAM DAWSON
New York (AP) — Christmas is coming early for some lucky stockholders.

A cheery flow of year-end and extra dividend payments has started from the board rooms where directors of a sizable number of corporations are tallying up the year's business and the prospects for 1957.

The tide is expected to increase after Thanksgiving.

Many directors like to wait until they have a good idea of the entire year's record before handing out largesse to the shareholders—and some boards wait until January.

Many boards are finding plenty for which to be thankful tomorrow. In just three days directors have declared dividends on 189 issues of stocks.

Ten voted year-end payments and 16 voted extra dividends. In 11 other cases, without mentioning the approaching Yule season, they increased the payment above that previously paid. Holders of five other stock issues got special dividends. And one corporation resumed quarterly dividend payments on common stock after a lapse of 25 years.

Not all stockholders are as happy. Two companies reduced their dividends, in line with the pinch on their profits this year for one cause or another. And one big company sending out year-end dividend checks isn't making them as fast this year as last.

But for a lot of stockholders the year-end generosity of directors puts an icing on a year that has been very tasty.

The Commerce Department reports that in the first 10 months of the year cash dividend payments by American corporations came to \$3 billion dollars, which is about one billion more than was paid in the same period in 1955, or an increase of 13 per cent.

It has also been a good year for stock splits, which most stockholders find pleasant, and for stock dividends, nine of the latter

having been declared in the last three days.

By paying a dividend in more of the company's stock rather than in cash, directors save funds for expansion programs. At a time when interest rates are rising, directors often feel inclined to plow back money rather than to borrow for building programs.

Boys Scout Rally Is Planned December 1st at Youngsville

Several hundred Scouts and Scouters of the Chief Complanter Council, Boy Scouts of America will gather at the Youngsville High School Gymnasium the afternoon of Saturday, December 1 for a rally which will climax the annual fall Round-up.

Featured at the Round-up Rally on December 1 will be the Indian Dance Team of Erie Lodge Order of the Arrow. Scouters who saw this group perform several years ago will remember the splendor of their costumes, and the excellence of their Indian dancing. The Rally will begin at 1:30 p. m.

All Cub Scouts, Boy Scouts and Explorer Scouts, their parents, and all adult leaders of the council are urged to be present. New members, recruited during the Round-up will be recognized.

Pack 19 and Pack 46 have already qualified for Round-up awards. These will be presented at this rally. Units meeting only the membership or the Boys' Life goal, will receive a certificate.

Fifty Merit Awards will be presented to the following Philmont Explorers: Fred Gaghan, Craig Wyman, Jim Hewitt, Clyde Baker, Richard Brown, Paul Trauffer and George Ball.

The National Camping Award will be presented to the following units which have met the requirement of 10 days and nights of camping under their own leadership: Troop 2, Troop 5, Troop 6, Troop 8, Troop 9, Troop 10, Troop 13, Troop 14, Troop 27, Troop 31, and Troop 35. (Any units which find they have qualified and are not on the above list are asked to contact the Scout office immediately.)

Time To Get Your Car Readied For Hazardous Winter Driving

Harrisburg—Will your car be ready for any surprise that Old Man Winter may have in store during the 20 unpredictable weeks ahead?

That question was directed to Pennsylvania motorists today by Col. E. J. Henry, Pennsylvania State Police Commissioner.

"Drivers who pride themselves on ability to get about safely under even the most adverse weather conditions don't trust to last-minute preparation for a change in weather," Col. Henry said.

"Falling temperatures are regarded by the seasoned motorist as a warning to change oil to a lighter grade and protect the radiator with anti-freeze."

"Reduced visibility is a signal to check all vehicle lighting equipment, front and rear. To assure a clear view ahead in even the most

severe weather, windshield wiper blades must be live and wiping clearly and defrosters should be ready for instant service when needed."

The state officials called attention to National Safety Council figures for 1955 which show that in nearly one out of seven fatal accidents, the driver's vision was obscured. In two out of five cases, the obstruction was on the vehicle itself, usually in the form of rain, snow or sleet on the windshield.

The state official called attention to National Safety Council figures for 1955 which show that in nearly one out of seven fatal accidents, the driver's vision was obscured. In two out of five cases, the obstruction was on the vehicle itself, usually in the form of rain, snow or sleet on the windshield.

"Jack Frost is Old Man Winter's advance agent, tipping us off that streets and roads will soon be slippery from snow and ice. Reliable traction on wet, snowy or icy roadways first of all calls for a deduction in vehicle operating speed."

"Tires, of course, should be of good tread, and brakes should be checked for simultaneous gripping. It's not too early to think about getting or repairing reinforced tire chains right now, for when they are needed, chains become the motorist's first-aid relief for precious traction."

National Safety Council tests, Col. Henry said, have shown that with reinforced tire chains, traction to get going or climb hills is increased about seven times over that possible with new tires on ice. On packed snow, such chains outpull conventional tires nearly four times, according to official test studies.

"Many a military engagement has been lost to the enemy because help arrived too little and too late," Col. Henry warned. "As drivers, we know Old Man Winter will attack us over and over again, with every trick in his well-worn book. We had better be ready for him if we expect to win."

Motor Federation Favors Changes In Driver Training

Harrisburg (P)—The Pennsylvania Motor Federation's Traffic and Safety Committee favors compulsory classroom instruction in automobile driving in the state's high schools.

The committee, at a meeting here also recommended stepping up of the state's behind-the-wheel instruction without making it compulsory.

The committee acted after considering the report of Gov. Leader's Committee on Uninsured Drivers, which recommended, in effect that both classroom and behind-the-wheel instruction be made mandatory.

The committee said that to make both mandatory would double the number of students taking such instruction, and consequently would double the cost.

The state's automobile driving instruction program, the committee said, now costs about 3 million dollars a year, of which the state pays \$2,200,000 in reimbursing local school districts. About 70 per cent of the state's high schools now offer an automobile driving course with about 45 per cent of the students participating.

The committee also urged legislation to extend learner's permits

for high school students to five months from the present 90 days to permit students to complete the course without renewing their permit.

The American Music Conference says that there are 1,600,000 players of the ukulele in the United States. The harmonica has 400,000 devotees.

REMINDER FOR NIMRODS

Hunters planning to go into the woods next week for bear and later in the season for the more plentiful deer, would do well to heed this timely reminder, just received in a release from the Metropolitan Insurance Company.

Attention, Hunters: Firearm accidents reach their peak in November because of the large number of people who go hunting at that time.

A substantial proportion of the 2,200 lives lost in firearm accidents yearly in the United States result from hunting mishaps. Circumstances most frequently responsible for hunting fatalities are: hunters walking into the line of fire or being mistaken for game; accidental firing of a loaded gun due to a trip or stumble, or handling the piece carelessly.

The guns of companions posed a greater threat than those of other hunters. In the insurance company's experience for 1953 through 1955, three-fifths of all hunters who lost their lives in firearm accidents were killed by the weapons of members of their own hunting party.

It is pointed out by the statisticians, however, that firearm accidents in and about the home actually account for far more fatalities than hunting. Carelessness is a major factor in causing these fatal mishaps.

"Many people own and use firearms safely," the statisticians observe, "but many others fail to exercise adequate precautions in handling the weapons and storing them. Only too often firearms are left where young children can get at them; inexperienced hunters go afield without proper supervision, and even experienced people in moments of excitement or over eagerness forget the caution required in handling guns safely."

Nearly 90 percent of all firearm accident fatalities are among males, teen-age boys frequently being the victims. In the insurance experience, the highest death rate from such accidents was at ages 15-19, with ages 10-14 following close behind. Although the death rates during adult life were appreciably lower, every age period contributes to the toll of lives lost, the statisticians note.

HANDWRITING ON THE WALL

The danger isn't very great yet, men. But the signs are not too good, and we may have to act soon if we're going to safeguard our interests.

The census bureau reports there are now nearly 1,400,000 more women than men in America. The men die off sooner and in larger numbers. Furthermore, about three of every five immigrants today are women.

Men still outnumber women in the age brackets up to 25, which is some comfort. If it were the other way around, we'd have a bigger field to choose from. But on the other hand we might have to beat 'em off.

In the later ranges of life, that problem already looms. If the trend sharpens, we're either going to have to get used to the most astonishing verbal clatter or seek new refuges yet undiscovered.

Women today outstep and outvote men and dominate the scene in sundry other ways. If we are not to yield the center of the stage altogether, we're going to have to start erecting some stout barricades without delay.

The legend "for men only" may take on a luster it hasn't had for decades. There's got to be some place men can gather to reassure themselves they're still superior.

Associated Press dispatches emphasize the fact that the Warren area has been quite fortunate thus far in regard to the first hard snow storm of the winter. Many folks who drove to distant points for the holiday expecting to return last night or today are reported still battling slippery roads and snow drifts.

THOUGHTS FOR TODAY

Let no corrupt communication proceed out of your mouth, but that which is good to the use of edifying, that it may minister grace unto the hearers—Ephesians 4:29.

"The Still Small Voice"

Here and There

According to The Evening Times of Friday, November 29, 1906, fifty years ago: "Thanksgiving Day was quietly observed in Warren. Services were held in the First Methodist church, Trinity Memorial Episcopal and St. Joseph's, where large crowds assembled. The banks, post office and most of the stores were closed for a portion of the day, and the celebration was mostly devoted to family gatherings and reunions. The hotels all did a rushing business, and some fine menus were served at the various places." We also note this item of timely interest: "The annual memorial service of the E. P. O. Elks will be held next Sunday and the arrangements being concluded will make the affair a very impressive one. The Rev. W. E. Brinkman, pastor of the First Lutheran church, will make the address, and the musical portion of the program will be excellent indeed."

In the same file of the paper is printed a lengthy article under the heading "The Cost of Living Has Risen Greatly—Problem of How to Make Both Ends Meet is a Serious One!" For the purpose of permitting the reader to make a few comparisons we reprint a portion of the story which says: "The cost of food, fuel, clothing, fur-

nishings, rents, servants and other items of household expense has increased to such proportions that the problem of making the weekly income meet the actual expenses is becoming a serious one in every community. Where \$5 or \$6 formerly provided for a workman's table, the same quantity and quality of food now costs him \$8 to \$10 a week. A pair of shoes which formerly cost \$3.50 now costs \$5. A suit of clothes which cost \$18 to \$25 four years ago cannot now be purchased for less than \$25 or \$35. A dress which formerly cost \$10 now is \$15, and the material is not so good as in the days when the price was less. Underwear that was 50 cents a garment is now 75 cents. Stockings that were 25 cents are now 35 cents. Houses which in 1902 rented for \$18 are now \$22 a month, and rents are still going up."

Former Flier and Engineer Now Organizes Parties

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON—(NEA)—The U.S. capital city likes to think of itself as the seat of the world's most powerful government, or as the source of all those billions of dollars for foreign aid. But it has another claim to fame as the home of the only complete party organization in the world. Good time party, that is, not political party.

The correct name, as listed in the phone book, is "Parties Unlimited." Earlier it was known as "Kids Parties." From a modest headquarters in old Georgetown it can and it does export you a packaged party, if you want to throw one, to any part of the world from Saudi Arabia to Singapore and points between and beyond. Operators of Parties Unlimited are fifty-five Paul Hochman and his wife, Baltimore-born Hochman was educated as an engineer. His wife is a Connecticut Yankee and the mother of their two sons, now 20 and 12. But the Hochmans are frequently mistaken for 35 and they have that much energy and ingenuity.

During the war Paul Hochman commanded a Flying Tiger base for the 14th Air Force. Then he was on the late Gen. Hap Arnold's staff in the Pentagon.

After the war he developed an aviation engineering research project that took him all over the world. Frequently it kept him there. He didn't have much home life, except at rare intervals.

CAME THE DAY in 1950, however, when his frantic flying existence caught up with him. He was struck down by an illness and his doctor told him he should not fly again.

He had a family to support and his problem was what to do to make a living. By chance the Hochmans got into the party business. They had been through the strife of trying to arrange parties for their own youngsters. Somehow they got involved in arranging a party for the children of some other people. And the next thing they knew they were in business.

They stuck to kids' parties at first. They got that down to an exact science, but they emphasize that no two parties are alike. Their simplest stock in trade is a packaged party for eight youngsters, with matching plates, decorations, snappers, balloons and a favor for each child. It retails for \$6.95 f.o.b. Georgetown.

The Hochmans ship these packaged parties all over the world. U.S. State Department people and the families of armed forces officers stationed at overseas bases are among the best customers.

FROM THIS SIMPLE party problem solver for perturbed parents the Hochman-arranged parties go on up in elaborateness to anything the customer wants. Biggest kid party they ever arranged was for 1800 youngsters. The price was around \$3,000. At national conventions of big organizations, the Hochmans will take over the handling of the delegates' children, complete.

It was only a matter of time before the Hochmans got into arranging parties for adults. This became more involved. First thing they knew they were hiring artists, caterers, entertainers, orchestras, masters of ceremonies, or whatever it took.

If you sat up election night and saw the Republican victory party on TV, with all those paper shakers used for the applause

cast will bring back fond recollections to older citizens. Among them we find Mrs. Hugh Siggins, Mrs. J. P. Rogers; Ralph Jackson who took the part of a policeman; Captain U. G. Lyons; William Eysinger; Mrs. E. S. Lindsey; Miss Knopf; Ruth Wilcox; Miss Sadie Ball; Donald Ensworth; Dr. McAlpine; Harry Conarro; Ernestine Cowan; Genevieve Magee; Evelyn Crandall; Harry Logan, who as Prof. Learned was on his way to Clarendon to deliver a lecture on Bacteria and Microbes; Maria King; Mrs. Lewis J. Russell-Brown; Miss McCray as the prima donna; in the chorus, Mrs. Sill, Mrs. Botchford, Mrs. Schmehl, Mrs. Rogers, Mrs. Young, Miss Weaver, Miss Peterson, Mrs. Morck, Miss Rogers, Miss Gogel, Mr. Wood, Mr. McAlpine Mr. Pettman, Mr. Alexander, Mr. Parrish, Mr. Shaw, Mr. Cameron, John Smith, Frank Smith, Mr. Todd and Mr. Boynton. Then there were these names mentioned as children of "Mrs. Needy"—Katherine Lampe, Romaine Wallace, Leola Bayer, and Herbert Watson. The cast reads like a directory of Warren. In addition to the above names, these others are mentioned: Will Cameron, Helen Stuart, Kathleen Stuart, Louis Davis, Miss Schwing, Clara Stone, Mrs. Edwards, Miss Eva Smith, Elizabeth Schnur, Helen Morck, Helen Beaty, Evelyn Weed, Miss Gerould, Miss McNutt, Roy MacGowan, Maurice Brann, Everett Eddy, Arthur Brann, Raymond Brann, Mrs. Sam G. Smith, Jane Smith, Albert Schofield, Violet Vandersluys, Plummer Printz, Jesse Smith, Leo Jones, Ray Sill, Pat Burke, Miss Heggerty, Charlie Crandall, A. A. Printz, Miss Rockwell, Mr. Barth, violinist. Myrtle Jane Randolph is mentioned as director.

The same file, under date of Friday, November 30, 1906, carries a lengthy article on Page One about a show that was staged the night before in the Library theatre, called "Union Depot." It is pointed out in the story that 75 of Warren's best local talent appeared in the play, which was staged under the auspices of Trinity Guild. Some of the names found in the

Tonight when you make your weekly visit to the down-town business section you'll find the Salvation Army shelters with the familiar tinkle inviting shoppers to make annual contributions to a fund to provide dinners for needy families at Christmas time. They will be in front of the Kresge Store and the entrance to the Warren National Bank. As much a part of the American Christmas scene as wreaths in the window and lights on the trees, are the uniformed men and women of the Salvation Army in the kettle shelters. Each drop of a coin in the kettle means a brighter holiday for many in need. They will be out most of the time for the next four weeks.

Family of Seven Is Routed by Fire in Downtown Dunkirk

Jamestown Sun: Early Thursday morning fires routed a family of seven persons at Marks Corners, near Clymer, and gutted a meat market and apartment building in downtown business area about 3 A. M. Wednesday with a restaurant and business block damaged to the extent of \$150,000.

A seven-member Marks Corners farm family had little to be thankful for Thursday, except that they all survived injuries suffered when fire gutted their home at 3 A. M.

Claude King, his wife and five children all suffered burns in the blaze, believed to have started from a defective oil heater.

King, 29, was most seriously injured, suffering cuts as well as burns when he broke a window to escape from the first floor of his story-and-a-half frame home. He was reported in "only fair" condition at Corry (Pa.) Memorial Hospital.

Mrs. Gladys King, 28, his wife, was treated for minor burns and released, as were two sons, Jerry and Dale. Steve King, 6, Anita King, 7, and Margie King, 2, all were reported in "satisfactory" condition at Corry hospital.

Clymer volunteer firemen said the alarm was sounded about 3 A. M. shortly after snow had started to fall in the area. The blaze was confined to the inside of the house, but most of the family's possessions were destroyed and all rooms except bath and kitchen were gutted.

Mrs. King and her two sons sought refuge with relatives until more permanent quarters can be found for them.

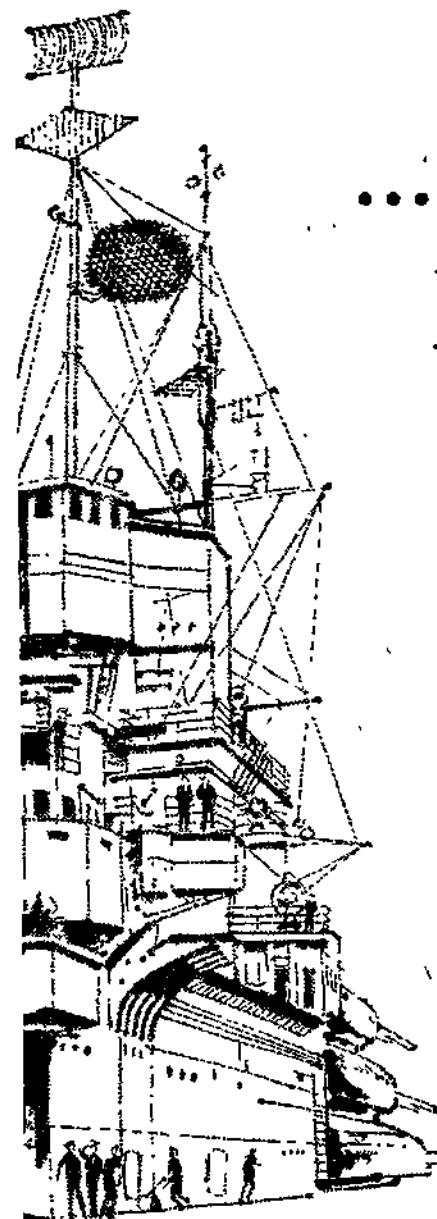

About 25 Clymer volunteers answered the alarm.

Dunkirk Fire
 Damage was estimated at \$18,000 Thursday in an early morning two-alarm fire which gutted a meat market and apartment building in downtown Dunkirk.

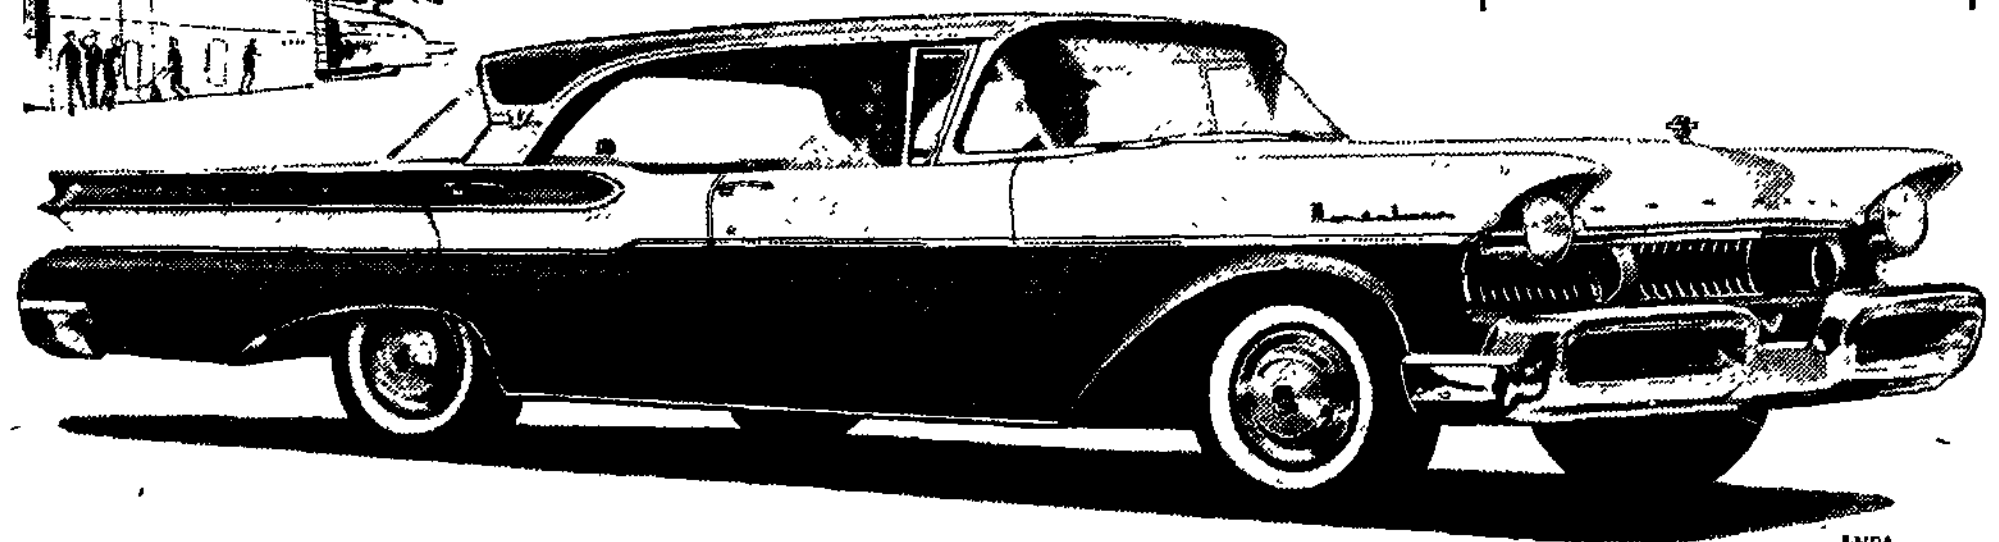

Before World War II the Himalayan kingdom of Nepal had permitted only 230 westerners to come within its borders. Today it welcomes tourists.

Hammond Iron Co. Official Speaker At Kiwanis Meeting

Fred J. Myers, regional sales manager for Hammond Iron Works, surprised Warren Kiwanis members at the weekly luncheon-meeting with an interesting talk on the growth and extent of the operations of this major industry.

The slogan "The Sun Never Sets on Hammond Tanks" is a fact. The company has erected tanks and containers all over the world—in China, India, Africa, Iceland, Hawaii, Europe and the Far East. Many foreign companies are building vessels under license from Hammond on certain patents which the company owns.

Mr. Myers stated that they are now building the largest water tank in the world at Tulsa, Okla., to contain 15,000,000 gallons of water and that they are building steel barges for use on the great Salt Lake where Union Pacific Railroad will use them to transport earth fill for a new earth bridge across the lake estimated to cost a total of \$15,000,000.

The company builds tanks and vessels for most major oil companies, steel companies, automobile companies as well as tanks to contain atomic reactors and prevent escape of any contaminated or radioactive air.

plant is in Warren. They employ 170 people in Warren, about 700 in all plants. Their payroll is about \$1,000,000 yearly in Warren and about \$4,000,000 annually in all plants. Mr. Myers stated that the company did a gross sales of \$2,000,000 in 1936, \$4,500,000 in 1948 and \$19,000,000 in 1956. He stated that the company had provided a scholarship for Warren High School to encourage engineering among Warren students.

Next week Warren Kiwanis will hear Dwight Dickson present "The Case for the Seneca Indians," a program relating to the proposed Kinzua Dam. Ralph E. Sires, program chairman, introduced Mr. Myers.

Warren-Forest County Bar Association Meets

The Warren-Forest County Bar Association (comprising the 37th Judicial District) at its last monthly dinner-meeting voted to create a new Committee on Public Relations. President John Stewart appointed the following on the committee: M. A. Kornreich, chairman; C. Henry Nicholson, of Warren, and James Foreman, Tionesta.

The purpose of this committee will be to acquaint the public with services rendered by lawyers and furnish speakers and panels to civic groups on matters pertaining to the law.

At this meeting Knox Harper gave a very enlightening talk on zoning problems and the Warren Borough Zoning Ordinance. Talks are also scheduled on various topics by other members at future meetings.

FINAL SESSION OF SCHOOL OF MISSIONS

Two local instructors, James Johnson, a teacher at Beatty Junior High School, and his wife, Betty, kindergarten supervisor at South Street School, are speakers for the final School of Missions session at Grace Methodist church at 7:30 p. m. Sunday.

Mr. Johnson is from nearby Ridgway and Mrs. Johnson lived in India and England before coming to America. During World War II, he served in the armed forces, and they spent some time in Greece. Hence, they are qualified to discuss missions and conditions in Greece and the Middle East and will use slides to illustrate their talk.

Stanley Landberg will lead devotions; a trio, Mrs. Norman Pette, Mrs. LeRoy Hammerbeck and Miss Viola Lindmark, will provide special music; the Goodwill-Gleaners Class will provide refreshments for the social hour.

EPWORTH WSCS

WSCS members of Epworth Methodist church will hold their regular meeting in the church parlors at 7:45 p. m. Monday, with the Francis Circle as hostess for the social hour.

ATTEND BETHANY BAPTIST FELLOWSHIP

The Rev. Ernest A. Hook and five other members of the Pennsylvania Avenue Baptist church attended the Bethany Baptist Fellowship meeting held Tuesday evening in Frewsburg Baptist church. These meetings are held regularly on the third Tuesday of each month.

First afternoon speaker was the Rev. Robert Gilbert, new pastor of Bethel Baptist church in Erie. Guest speaker for both afternoon and evening was Dr. Paul Jackson, president of the Baptist Bible Seminary of Johnson City, N. Y. The evening audience filled the church to capacity.

ORA HOOPER CIRCLE

Members of Ora Hooper Circle of Grace Methodist church will hold their regular meeting at 7:45 p. m. Monday at the home of Mrs. Hazel Chesnut, 103 Lansing street, North Warren. Everyone is reminded to bring 30 inches of huck toweling, a tapestry needle, and floss also any old nylon stockings members may have.

MR. AND MRS. A. LEE NOBLES

—Hedberg Photo

Pauline M. Pulli, daughter of Mr. and Mrs. Tony Pulli, Ellison street, Clarendon, became the bride of A. Lee Nobles, son of Mr. and Mrs. C. W. Nobles, Pittsfield, in a double ring ceremony performed November 17 in St. Clara's Catholic church in Clarendon.

Father Robert Cohan, assistant pastor of Holy Redeemer parish in Warren, officiated before an altar decorated with white mums and banked with palms; wedding music was provided by Mrs. Pauline Falbriski at the organ and Leonard Falbriski, vocalist.

Escorted and given in marriage by her father, the bride wore traditional white, combining organzine taffeta and Alencon lace. The scoop neckline had lace applique, sleeves were fitted, and the bouffant circular skirt, styled with redingote effect, was lace edged and lengthened into a wide modern train. A pearl and sequin-studded crown held her fingertip veil of silk illusion, and her bouquet was fashioned of white sweetheart roses centered with an orchid.

Mrs. Charles Keyvinski was matron of honor for her sister; bridesmaids were Pat Leonard and Marie Amico, the latter a niece of the bride; junior bridesmaids, also nieces, were Sandra Suppa and Betty Keyvinski and another niece, Charlene Keyvinski, was flower girl. The attendants were all gowned alike in white crystal-ette, with scoop necklines in molded bodices, and floor length bouffant skirts. White feather toques completed their ensembles. The matron of honor carried pale pink carnations, the bridesmaids' bouquets were white carnations and

Here in Time for Holidays

From France come these beautiful evening bags in time for Christmas giving. Intricate tapestry design is used (left) for bag in delicate colors and hundreds of minute beads. Top and clasp are both beaded and jeweled. Envelope in black silk satin (left center) is lavishly paved in gold beads, black beads and amber bugle beads. All of them are hand-sewn, of course. White satin and black lace (right center) make a bag that has a blooming frame of rhinestones and jet. There's a delicate chain handle. Draped clutch (right) sparkles with iridescent pink-white sequins, rhinestones, pearls and crystals. For all of their fragile beauty, these bags are large enough to hold something beyond a lipstick and comb. —R. GATIE DUGAS, NEA Women's Editor.

GRADE SCHOOL PTA HEARS MANY REPORTS

Sugar Grove—The Union Grade School PTA meeting was held in the school auditorium Tuesday evening, Clifford Storms presiding. The program opened with group singing of "America," with Mrs. Max Gage at the piano. Thanksgiving devotions were given by Mrs. Theodore Allenson.

During the period for reports, Mrs. Allenson stated there are 74 members to date; Mrs. Carl Allenson reported on cafeteria work, stating the new hot water heater has been delivered, but not installed. Arnold Hagberg resigned as

first vice president and finance chairman, with Mrs. Raymond Hoffman and Mrs. Floyd West jointly assuming those duties. Mr. Storms announced the Warren County Council meeting at Lander November 29, the penny collection went to Mrs. Laurence Briggs' third grade; Mrs. William Lester, program chairman, distributed new year books.

Pvt. Joseph Mastrian, of the State Police sub-station at Warren, gave an interesting address of teaching the child responsibility with bikes and autos, and conducted a question and answer period. After this, mothers of second

grade pupils served refreshments in the cafeteria.

The next meeting will be held December 18, with Rev. David Vennberg the speaker.

MRS. FLICK SPEAKER FOR WOMAN'S CLUB

Mrs. Alexander C. Flick, Jr., will be the speaker for the Monday afternoon meeting of Literature Department at the Woman's Club, using the topic "Songs I Have Loved." Mrs. Robert Martin will be hostess for tea, substituting for Mrs. Merie Kremer.

World Understanding Is Theme For WSCS Panel

A large group was in attendance for the November meeting of Grace Methodist WSCS, when Mrs. Mary Knudsen presented devotions on a Thanksgiving theme and Mrs. Helen Brydon, Christian social relations secretary, presented an interesting panel discussion on World Understanding.

Mrs. Matthew Hosie was moderator; Rev. C. W. Baldwin spoke on the church's part, uniting all in the common bond of Christ; Robert Young, on the educational phase, suggested all study humanity until there is no foreign man, and geography, until there is no foreign country.

Mrs. Frances Ware, negro churchwoman and member of the African Methodist church in Jamestown, spoke on Christian Brotherhood, relating some of her personal experiences, along with those of her race, and stressing the thought "we should know ourselves and know others". Mrs. Hosie closed the discussion with an interesting question and answer period.

The president, Mrs. Herbert Samuelson, conducted the business session, in which reports were presented by Secretary Lottie Carnahan and Treasurer Ruth Rapp, the latter showing \$137 given to UNICEF.

Mrs. Kathryn Joy spoke briefly on the work of the Sunset Auxiliary at the Meadville Methodist Home, asking for new members. Mrs. Paul Reynolds solicited the help of circles in making much-needed sterile bandages and cancer pads.

A social hour followed the meeting and program, with members of the Doris Bloomster Circle as hostesses, Mrs. Harold LaPoint the chairman and Mrs. Hosie, co-chairman.

FRIENDSHIP GROUP

Friendship members of the Women of the Moose will hold their next regular meeting Monday evening at the home of Mrs. Steve Petrowski, Cayuga avenue.

MOST of the small courtesies that mean so much take very little time or effort. A few seconds to hold a heavy door for a stranger whose arms are full of packages, five minutes for a telephone call to say "Thank you again for a pleasant evening," 10 minutes, perhaps, for a thank-you note for a gift or favor or some kindness shown you. It doesn't take much time to be courteous—but it does take a little thought.

Teen-Agers Find Fault In Parental Behavior

HOW do you look to your teen-age son or daughter? If you want to know, you might take a look at these candid comments made by teen-agers to this column. Do any of them strike home?

"If parents would take more interest in the activities of their teen-agers, they might be pleasantly surprised. If parents would ask, 'Did you have fun?' instead of demanding, 'Where have you been?' the minute a teen-ager comes home, we kids would volunteer a lot more information."

"If a teen-ager goes out and gets a job working after school and on Saturdays, it looks as though he ought to have a right to spend his money the way he wants to. I earn my own money but my father is always accusing me of 'throwing it around' whenever I save up to buy something I want. That takes most of the fun out of working and I don't really think it is fair."

PARENTS ARE SOMETIMES IMPOLITE

"My parents expect me to be polite to their friends, but they aren't always polite to mine. Dad gets mad if he answers the telephone and it is for me. He is often downright rude to the person calling and I feel so embarrassed I could die."

"When I have friends at my home my mother always comes in and sits down and stays with us until they leave. I always get out of the room when she is trying to talk to her friends, and it seems to me she ought to do the same thing for me. But I would hurt her feelings if I told her this."

"My parents are always criticizing my friends. So I have quit telling them anything I think they won't like. And I almost hate to have my friends come to my house because I know when they are gone Mom or Dad will start in on their manners, or their clothes, or something."

These are a few teen-age complaints culled from a number of letters. Perhaps it is good for us now and then to see ourselves as our teen-agers see us... even though it isn't always a flattering picture.

Hundreds of Cars Are Marooned In Buffalo District

Buffalo, N. Y. (AP)—A broad area of southwestern New York reeled today under a snowfall ranging up to four feet.

Hundreds of automobiles were stalled, and even the biggest snow plows bogged down in some places.

Police, firemen and volunteers slogged along highways lending help. Farm families and villagers took in many of the marooned travelers.

Springfield, a village about 30 miles south of Buffalo, was completely cut off and more than 200 automobiles were reported stranded.

Residents reported by telephone that the snow ranged from 40 to 48 inches.

Seven heavy snow plows, trying to clear a path out of town, rolled over into ditches while trying to maneuver around stalled vehicles.

Near Gowanda, 18 miles west of Springfield, the main north-south highway was blocked when a Greyhound bus skidded crosswise. The passengers were given shelter in Gowanda. Sheriff Morgan Sigel reported about 600 cars stranded.

ward T. Cauldill of Oilcreek Township, Crawford county, who investigated the accident, the jeep skidded about 80 feet on an icy spot on the road, a mile and a half from Titusville, hit a ditch and turned over on the left side of the road.

Taken to the Titusville Hospital by a passing motorist, Miss McKinney died en route of a fracture at the base of the skull. The accident occurred about 2:30 p. m.

A sophomore in Titusville high school, Miss McKinney was a member of St. James Episcopal church.

Besides her mother, she is survived by a brother, Louis C. McKinney, a student at Lawrenceville Prep school, N. J.; her maternal grandparents, Mr. and Mrs. Alexander Warner Titusville and her paternal grandmother, Mrs. L. C. McKinney, Titusville.

The Haskell family is very well known in Warren for their golfing activity in this district.

Measurements showed the truck was off the highway or path for a distance of about 150 feet before it started to roll. The owner said it was not equipped with battle plates. It was taken to the Colza Service Station.

The victim of the accident was engaged in the logging business. He was born June 25, 1923, and had spent his entire life in the vicinity of North East. Besides his parents, Mr. and Mrs. Frank C. Everything's New including the View

in each '57 Buick—SPECIAL, CENTURY, SUPER, ROADMASTER

WHEN we tell you the 1957 Buick is new, we're not kidding.

Because we don't mean just new this or new that. We mean new everything.

We mean everything you can't see, as well as everything you can.

And even the "seeing" is new from both the front seat and the rear seat—for the new, wider, rakishly angled panoramic windshield with its 200 more square inches of glass area widens the forward view of all passengers.

Take other examples.

Its styling is new. Never before have you seen a Buick like this one—sleek and stunning, and low as a cat-crouch.

Its engine is new—and you'll know that the first time you crack the whip. Never has any Buick boasted so big so powerful,

so obedient an engine as the purring V8 engine that gingers every '57 Buick.

Its performance is new—and right here we mean new like nothing else you ever experienced before.

For now, with Buick's new record horsepower, there's a new advanced Variable Pitch Dynaflo* that's so instant in action, so vividly responsive, so smooth and flexible and full-torque throughout the entire "Drive" range—the need for "Low" is virtually eliminated.

But there's even more than all this to the newness of every '57 Buick—SPECIAL, CENTURY, SUPER and ROADMASTER.

There's a completely new chassis that gives the car the lowest center of gravity in Buick history—for a steadier, safer ride. And a new kind of ball-joint suspension for surer handling, safer cornering,

and a wonderful new levelized braking.

There are safety features galore—new safety-padded instrument panel, new dip-center safety steering wheel, new controls recessed out of harm's way—even an ingenious new Safety-Minder* that lets you know when you reach the miles-per-hour you've preset for yourself.

Of course, the only way to get the whole, new wonderful story is to take the wheel of one of these lower, roomier-than-ever '57 Buicks and let this magnificent big new car do its own talking.

And that's something we'll be most happy to arrange first chance you get. Come in today.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special. Safety-Minder standard on Roadmaster, optional other Series.

Driver Training Instructors Get Big Boost From Motor Club

Aiming at 100 per cent driver education behind the wheel the board of governors of the Warren County Motor Club at the November meeting Thursday night approved a number of recommendations made by the officers and public safety committee to provide greater assistance to instructors in driver training in the schools of Warren, Sheffield, Youngsville, Sugar Grove and Tidoute. The directors, with 17 in attendance, and President Quay A. McCune presiding, voted to purchase a project for use of the classes, which will be stored at the Motor Club office in Times Square, along with a library of Driver Training films.

Reports showed that the present membership of the Club is 3,245 as compared to 2,950 in October a year ago. During the month 72 members received road emergency service, and seven from out of town. A total of 15 local members received similar service from out of town clubs. Notary service was furnished 312 members and 72 non-members during November, and 111 were furnished routings, 22 of which were visiting members.

It was reported the new floor furnace has been installed in the Club offices. A letter from the District Office of the State Highway Department stated that additional warning traffic signs have been posted on Route 27, known as the Matthews Run road.

Attention was called to the fact that Warren is sixth in total membership and fourth in new members, in its Division in the Pennsylvania Motor Federation. Cliff Johnson reported on the meeting of the Roosevelt Highway Association at Wellsboro.

Those in attendance, along with President McCune were Executive secretary Mary Colah; Homer Bowersox, Chester Christenson, Cliff Johnson, Ted Berdine, A. L. Rassmussen, Neil Culbertson, William Crosssett and Ed Lowrey, of Warren; J. A. Blomquist, Alex Fino and Don Schuler, North Warren; Doug Kropp, Irvine, Bill Lester, Sugar Grove; George Seavy, Claiborne and Clarence Akeley, Russell.

They reported that a rear door was pried off to gain entrance to the home.

Sponsors Will Not Pick Up Winchell's Contract

NEW YORK (AP)—The option on Walter Winchell's Friday night television show will not be picked up at the end of the columnist's current six-weeks contract.

Winchell announced the decision in today's New York Daily Mirror, the newspaper which prints his column in the city. Winchell reportedly will receive \$75,000 in severance pay. Old Gold, which controls the 8:30-9 p.m. period over NBC on Friday nights, has given up that time. Toni, the alternate sponsor, said it could not carry the financial load of the show, put at \$165,000 weekly for broadcasting time and other costs.

Business Level in Pennsylvania Reported Higher Than in 1955

Harrisburg—The levels of employment, wages, production, and investment in the manufacturing, mining and quarrying, and railroad repair establishments in the Commonwealth in 1955 were higher than they had been in 1954, Genevieve Blatt, Secretary of Internal Affairs has announced.

Miss Blatt's review of industrial

activity in the state was based on the production reports which are submitted annually by manufacturing, mining and quarrying, and railroad repair establishments to the Bureau of Statistics in the Department of Internal Affairs in Harrisburg. In 1955, reports were received from 17,540 manufacturing establishments, 1,649 mines

and quarries, in 181 railroad repair shops.

There were 35,043 more persons employed in 1955 than in 1954. Last year, employment in the reporting establishments was 1,642,886 persons. In 1954, employment had been 1,607,823 persons. The increase in employment during 1955 was a little more than two per cent. There were 1,198,453 male workers and 444,413 females employed last year. An additional breakdown between wage earners and salary earners revealed that 1,352,069 persons received wages and 290,797 persons received salaries.

Employment was concentrated in the metals and metal products industry last year. There were 703,965 workers, or 43 per cent of the labor force in 3,883 reporting establishments in this industry. The second most important source of employment was the textiles and textile products industry where 292,372 workers, or 18 per cent of the labor force were employed. The textile industry was the largest employer of women—207,267 were employed in that industry last year. The food industry also was an important source of employment. Last year, 114,980 workers or seven per cent of the labor force was employed there. The mining and quarrying industry employed five per cent of the labor force, 87,959 persons.

The wages and salaries received in 1955 was \$6.4 billion, approximately \$600 million more than the \$5.9 billion that had been received in the previous year. Last year, male workers received \$5.4 billion and female workers received \$1 billion. In four industrial product groups the wages and salaries received in 1955 were at least 10 per cent above what had been received in 1954. In the clay, glass, and stone products industry, wages rose from \$234.4 million in 1954 to \$262.8 million in 1955—an increase of more than 12 per cent. In the railroad repair establishments, wages increased from \$123.3 million to \$137.6 million—an increase of almost 12 per cent. In the chemical and allied products industry, wages increased from \$265.3 million in 1954 to \$294.8 million in 1955—an increase of 11 per cent. Finally in the metals and metal products industry wages increased from \$2.9 billion to \$3.2 billion—an increase of 10 per cent.

The capital invested in the reporting establishments at the end of 1955 was reported to be \$3.3 billion—an increase of one per cent over the \$3.2 billion reported for the previous year. Approximately 51 per cent of the capital invested in the state was invested in the metals industry—4.2 billion.

The goods produced in the Commonwealth during 1955 were valued at \$24.1 billion—14 per cent larger than the \$21.1 billion produced in 1954. The metals industry produced \$11.9 billion of goods—49 per cent of the production in the state. The food and chemical industries each produced approximately 10 per cent of the output of the state, and the textiles industry produced nine per cent of total production.

The manufacturing and quarrying establishments in the state created \$10.9 billion, or 45 per cent of the total value placed on production.

METHODIST HOME NOTES

Margaret H. McBride

This past week brought many visitors for the weather helped a lot to make driving pleasant. Early in the week, Mrs. Marjorie Horne and Mrs. Esther McCollum of Franklin came Wednesday to see Miss Harriet Koch and take her for a fine drive, while Mr. and Mrs. R. Dale Mershon from Baltimore, Md., were here to call on Miss Nellie Mershon, also Miss Jean Mershon from Lanesville.

Mrs. Catherine Breckenridge returned Monday from a week's stay with her son James and his family in Jamestown. Robert Breckenridge of Cleveland, came to drive her over to Jamestown. Mrs. Blanche Crothers still is an infirm patient, but steadily showing progress after the stroke she suffered several months ago. Mr. and Mrs. J. J. Cleland, from Washington, visited their aunt, Mrs. Crother, one day, also Mr. and Mrs. Roy Wohlgenuth from Fairview. This Sunday, other visitors were Mrs. Chas. Hetz and Mrs. Joyce Hetz from Fairview, and Mrs. Crothers enjoyed a visit with Mrs. Chas. Houghes, of Tucson, Ariz. when whom she had not seen for over five years.

Waterford callers for Mr. and Mrs. Mylo Putnam Sunday afternoon were Mr. and Mrs. Ora Mack and their daughter Mildred. Mr. and Mrs. George Harroff had Saturday afternoon visitors from North Warren, Otto Paden, his wife and daughter Leila Mae Sunday before last, we had a number of guests who escaped my eye for the moment, chief among them being the family gathering here for the 83rd birthday celebration of Mrs. Nancy Kahle. Four generations were present. There were her son Erie and his family from Pittsburgh, her daughter Mrs. Madge Hetrick of Brookville, another daughter, Mrs. James Wheeler and her husband, New Castle, her sister, Mrs. Newman, from Weirton, and Mrs. Hetrick's daughter, Mrs. Lee Detar and little daughter from Clarion. The group had a big birthday dinner at the

Spring. A brother who lives in Meadville, Mr. Frank Wolford, was unable to attend the party.

Mr. and Mrs. Charlie Jones had a visit from their nephew and his wife, Mr. and Mrs. Parke W. Herrick, from Erie, while Mrs. Anna Schultz greeted Mrs. Leta Young, her daughter Nancy and Charles Taylor of Grove City, as well as the latter's sister, Miss Nellie Taylor, of Swissvale, Pa. Also Mrs. Stanley Schultz and Miss Betty Schultz came in Saturday, en route to their home in Grove City after a luncheon in Greenville.

Mrs. Minnie Graham has improved so much since her fall that all her friends are very much gratified. A group of her old friends and neighbors from Lanesville calling on her last Thursday included Mrs. Howard Headley, Mrs. Carl Martin, Mrs. Carl Myers, Mrs. Van Epps and her daughter.

Mrs. Cora Hostettler from Edinboro came in to see Mrs. Minnie Hostettler last Saturday. The latter is back from the Hospital, and holding her own, but still in grave condition. Miss Clara Hill has been a patient in the Infirmary for several weeks now, and Sunday her nephew and his wife, Mr. and Mrs.

John McClimans, from Greenville, were here to see her. Mrs. Gertrude Filson had guests from Oil City last Sunday, Mr. and Mrs. C. Crawford, and seems very much better than usual. Mrs. Helen Findley Cullen, who was one of our Conneautville nurses, came with her husband and boys last week to renew acquaintance with a lot of old friends here, and met a warm welcome.

A week ago, on Sunday night, the young people from the Sharon Methodist Church came for a worship service in our Chapel, and this Sunday night we had another treat, when interesting Japanese visitors, from the same church, Mr. and Mrs. Masanobu Morisuye, came to show us travel films which they took on a marvelous Western trip some time ago. Afterwards they were shown over the Home by Rev. and Mrs. Braun, their first visit here.

Monday last, Mr. and Mrs. J. C. Clough from Clarion spent the day with Miss Rebecca Hahn and Mrs. Elsie Hanrahan, who is feeling better each day, after several weeks of inaction. Mrs. Reba Lowe and Miss Ethel Peck, two of our former nurses, were Saturday visitors for a brief stay, and heard

Young Holiday Fashions

NEW YORK—(NEA)—Many mothers know that with the arrival of the holidays, their daughters are going to want to blossom out in new clothes for parties.

BY GAILE DUGAS
NEA Women's Editor

fashion and cents lies in teen-age styles. Clothes that are not just one-party fashions are the ones to pick if you want to be kind to your budget. They should serve several seasons, though a rapidly growing sub-teen may be lucky to get through one. We show (left) an inexpensive

party-going dress in chromspun, an acetate which will hold its color against all normal fading hazards. This has dropped shoulder line and high bodice emphasized by contrasting satin band. For older sister (right), there's an ensemble in a fabric woven of rayon acetate and cotton highlighted by gold metallic yarn. Sheath is slim with satin cummerbund. Straight coat has tab pockets for accent, no buttons.

Army of Hunters Expected for Start of Bear Season

— 1956 NEA ALL-AMERICA TEAM —

Nimrods Hoping For Tracking Snow For Opening On Monday

According to the Weekly News-Game Commission, the state's week-long bear season, which opens 7 a. m. November 26, ends 5 p. m. December 1, is expected to attract thousands of hunters into the mountains of Pennsylvania. Many sportsmen will stay at established camps, others will "put up" at hotels, motels or farm homes near heavily wooded areas for the week. Some, unable to spend the entire season in the brush, will drive to likely territory to hunt an hour or two as possible, or for the entire last day, Saturday.

The 1956 bear season will return to the six-day length in vogue 1946 to 1953, inclusive.

It is believed the total black bear population of Pennsylvania has not varied much in recent years. But weather and the animals "fanning out" into many counties in search of food in fall has affected both the hunting pattern and the kill. The northeastern counties still boast the great percentage of the bears, the largest game animals in the Commonwealth. But many of them will be bagged in rugged northeastern and northwestern counties, a few in the southeastern sector.

In the 1953 one-week season, 305 legal bears were reported taken in Pennsylvania. In the two-week 1954 season, kill reports of 403 legal animals were received. In last year's two-week season the number was 363.

This feature of the 1956 season pleases the bear hunters: the small game season having ended November 24, bear hunters will have the woods to themselves. Squirrel, turkey and grouse shooters who, bear hunters claimed, interfered with their sport will be absent from the scene.

If Nature provides a tracking snow, against which black bears show up well, indications are the 1956 season will be a successful one. Another advantage of a white background is that it offers a better opportunity to judge the size of the animal, therefore less likelihood of shooting a cub.

To be legal game, a bear in Pennsylvania must be over one year old. An individual hunter may

Last College Grid Saturday Finds Six Teams Still Trying For Bowl Contest Invitations

By DON WEISS
The Associated Press
Tennessee, Georgia Tech, Texas Christian, Pitt, Clemson and even four-times "water" Duke renew their push toward bowl invitations tomorrow in the season's last big college football Saturday.

The Vols from Tennessee face a triple challenge. The rich plum of a Sugar or Cotton Bowl invitation, first place in the Southeastern Conference and, conceivably, top ranking in The Associated Press' nationwide poll will be hanging before them as they meet Kentucky.

Tennessee, winner of eight straight, has slipped to second place nationally behind Oklahoma after a week as No. 1 in the AP ratings.

After their Southern feuds with Georgia Tech and Mississippi the last two weeks, the Vols might find always tough Kentucky difficult to handle. Should they falter, either Tech or Florida would be pleased to assume the conference leadership.

Tech, which may get the other of the bowl assignment Tennessee doesn't take, runs into fast-improving Florida itself, which is a bowl ineligible because of probationary status but still has a shot at the conference championship.

Texas Christian, with the inside track to the host spot in the Cotton Bowl with Texas A&M ineligible, plays Rice in a Southwest Conference feature, and Pitt, leading eastern candidate for a major

bowl along with Syracuse, meets capable Penn State.

In the Atlantic Coast Conference, Clemson (3-0-1) plays Virginia and Duke (3-1) is at North Carolina to continue the three-way scramble with South Carolina for representation against Colorado of the Big Seven in the Orange Bowl.

South Carolina passed its latest test, Thanksgiving day by defeating Wake Forest 13-0 to run its conference record to 5-2.

Oklahoma, a non-bowler because of the Big Seven's no repeat rule, will have to contend itself with making Nebraska its 39th straight victim.

FUTURE OF FALCONS UP TO JAMESTOWN
Jamestown, N. Y. — The Jamestown Falcon baseball franchise, has been declared the property of the PONY League, and will be placed as soon as possible, President Vince McNamara told Ernest Kessler, heading up the "save baseball move here."

McNamara said the league acquired the franchise during Saturday's meeting under baseball law when it became evident the former owner, Jerry Lawson, could not operate it or complete a deal for its sale.

"You are authorized to move forward with freedom to keep baseball in Jamestown," McNamara told Mr. Kessler.

The latter is aiding in rallying the support of the community behind retaining the baseball club as a community owned team.

In the event local forces are unable to rally sufficient support within the next month or so to retain the franchise, it will go to one of the other cities now bidding for PONY membership. McNamara said.

NEA Sports Editor
New York — (NEA) — When you start picking an All-America football team, it becomes highly significant that the game is played only in this country.

Anyone who has as much as climbed into its armor will tell you why. It's altogether too rough and tough for the other guys.

Association football is played around the world. In the United States, association football is called soccer to distinguish it from American football. The Canadians have their own padded version of the American game.

The Olympic Games are under way, but this doesn't mean that all the top athletes are in Melbourne. We have better stuff running here than they'll see in Australia. The world's foremost athletes, you see, are American football players. If American football were included in the Olympic Games schedule, the U.S. would be a shoo-in for another gold medal.

Whether his 1956-57 team can equal the fine record of his last seen, but Blood and his boys plan to make it an interesting campaign in any event.

Last season the Bloodmen won eight dual matches, tied two (Warren and Greenville) and lost only to Greenville.

There are 11 matches on the upcoming card with Pymatuning Joint and Commodore Perry new opponents. Again there will be home-and-home matches with Oil City, Franklin and Greenville, but only one match each with Warren, Grove City and Mill-creek.

The Rockets will open Dec. 5 at Pymatuning. The card.

Hartnett, Hultman, Kremer, Powley & Sedwick Are Chosen To List of All-Star Elevens

Dave Sedwick, right guard on Warren Dragon's 1956 eleven, has been selected to the All-Opponent Team chosen at the close of the season by Jamestown High School's Red Raider squad.

The heads-up ball playing of Sedwick kept the inspired Jamestown backs charging into a direction other than his during the contest which the Raiders won 28-0.

According to word from the Meadville Tribune, four other Dragon players have been selected to the 1956 list of Section 2 All-Stars in a poll conducted by that paper.

Dick Kremer, a tackle and John Powley, an end, made the first team. Given most honorable mention were Bob Hartnett and Connie Hultman, both backs.

Services will be held at Tidoute at 2:00 p. m. Saturday for Mrs. Goldie Mae Wiles, wife of DeWalt Wiles, of Tidoute, who died at 2:00 p. m. Wednesday in Warren General Hospital. The Rev. Robert Goode, pastor of the Methodist church, will officiate and interment will follow in Tidoute cemetery.

Mrs. Wiles was born December 1, 1888, in Tidoute, and had spent her entire life there. She was a member of the Tidoute Methodist Church.

She leaves her husband, DeWalt Wiles, and the following children, Mrs. Margaret Albright of Warren; Mrs. Edith Johnson, Mrs. Louise Kitchener, Harry Wiles and Donald Wiles of Tidoute; Mrs. Freda Peterson of Youngsville and Charles Wiles of Erie, 21 grandchildren and 11 great-grandchildren; three sisters, Mrs. Blanche Spencer of Warren; Mrs. Mary Chris of Corry and Mrs. Grace Pike of Jamestown, N. Y.; two brothers, William Catterman of Franklin and Fred Catterman of Titusville.

MARTHA E. WALTER
Final rites were held at 3:00 p. m. Wednesday for Mrs. Martha E. Walter, 609 Water street. The Rev. Donald H. Spencer, of First Presbyterian church, officiated and the following served as bearers for interment in Youngsville cemetery: Gordon W. Johnson, Jack and Robert Walter, Daniel Schmucker, Gordon McDonald, and David Rapp.

In attendance from away were Myrtle Woodward, Elsie Barnes and Don Milner, Alliance, O.; also relatives and friends from Pottstown, Tidoute, Bradford and Pittsburgh.

INFANT HULTBERG
Jeffrey Hultberg, one month old son of Mr. and Mrs. James Hultberg, Wrightsville, died about 4:45 p. m. Thursday at Children's Hospital in Pittsburgh.

Besides his parents, the baby is survived by three brothers and a sister, Duane, James, Jr., Doyle, and Alma Edith Hultberg.

A graveside service will be held at 3:30 p. m. Saturday at the EUB cemetery at Chancellers Valley, the Rev. David Derk officiating.

Surviving are a number of

nieces and nephews, including Mrs. Genevieve Troup, Mrs. Marjorie Horn and Aulton Newgreen, Youngsville; Stanley Newgreen, Warren, Frank Newgreen, Saudi Arabia; and several others in Jamestown, N. Y.

Funeral services will be held in Youngsville at 2:00 p. m. Saturday, with interment following in the Youngsville cemetery.

INFANT DONOVAN
Titusville Herald: Daniel Lavern Donovan, infant son of Joseph and Alma Crawford Donovan of Titusville, RD 1, died at 4 a. m. yesterday at the Titusville Hospital where he was born the day before.

Besides his parents, he leaves three brothers, one a twin, a sister, and his grandparents, Mr. and Mrs. George Donovan of Hydetown and Mr. and Mrs. William Crawford of Grand Valley, RD 1.

The Rev. C. A. Fuller, of Centerville, conducted a prayer service at ten a. m. this morning in Titusville. Burial was in the cemetery at Union City.

L. G. FARNSWORTH
Sheffield-Luther G. Farnsworth, well known resident of Saybrook, died at Warren General Hospital at 11:50 a. m. Thursday. In failing health for the past eight years, he had been hospitalized only six days.

Mr. Farnsworth was born at Saybrook on August 19, 1875, and was self-employed as a driller. He was a member of Warren Lodge 109, Loyal Order of Moose.

Surviving are two brothers and one sister, Alfred E. Farnsworth, James City; Roe Farnsworth, Sheffield; Mrs. Charles Young, Saybrook; also many nieces and nephews.

Funeral services in Sheffield at 2:00 p. m. Sunday will be followed by interment in Barnes cemetery.

MRS. ARVID DANIELSON
Funeral services were held at 1:30 p. m. Thursday for Mrs. Hanna Christine Danielson, wife of Arvid Danielson of 104 Brook street. The Rev. Paul Oberer, pastor of Calvary Baptist church, officiated for the rites, during which two recorded duets, "Now I Belong to Jesus" and "Over in Glory" were sung by her daughters, Mrs. Jean Reed and Mrs. Ruth Cable.

Interment was made in Pine Grove cemetery at Russell, with the following serving as bearers: Clarence Swanson, Harold Swanson, Myron Rydholm, James Backstrom, Er Shellin and Walter Thompson. The services were largely attended and many beautiful flowers expressed the love and sympathy of all who knew her.

In attendance from away were Carl Danielson, San Diego, Calif.; Mr. and Mrs. Melvin Danielson and family, Lansie, Pa.; Herbert Danielson, Oil City; Mrs. Jean Reed and Mrs. Ruth Cable, St. Paul, Minn.; her brother, Paul Lindquist, and Mrs. Lindquist.

hospital cases. Many nurses stayed on duty overnight.

Practically all industries in Erie closed down. General Electric Co. employing about 10,000, was first to announce it would make no attempt to operate today.

Radio stations stayed on the air all night to give listeners the latest weather information.

A double shift of firemen was put on duty at every fire station. The Red Cross was called out to lend a hand to stranded motorists.

The heaviest snowfall in a 50-mile line extending west into Ohio was in the immediate Erie area. But east of Erie and into New York state as far as Buffalo blizzard-like conditions created havoc.

Snow squalls, riding 25-mile-an-hour winds, piled up from eight inches to two feet of snow in western New York State.

Bragan Plans Trip To Pittsburgh To Talk With Brown

Pittsburgh (AP)—Bobby Bragan, field manager of the Pittsburgh Pirates, expects to come here Tuesday to discuss plans for the 1957 season with General Manager Joe L. Brown.

The 38-year-old Bragan was rehired Wednesday for at least another season. Salary terms weren't revealed.

Bragan was reappointed to his post Tuesday by President John Galbreath.

Bragan, a resident of Ft. Worth, Tex., said he's shooting for fourth place next season.

TRANSFER STAYED

Fifty-four-year-old John McCall of Conemaugh, critically injured in an auto mishap which killed his wife on Monday, was due to be transferred to Buffalo today but ambulances cannot get through because of the storm. McCall suffered multiple fractures of both arms and legs as well as other injuries when his car slammed into the side of a tractor-trailer which was blocking Route 62 near Endeavor. Another patient at Warren General Hospital, Bernard Harad, 37, of Erie, was reported to have spent a "good" night. He was one of two men severely injured on a construction job at National Forge on Tuesday. The other injured man was removed to Hamot Hospital in Erie.

Warren County

(From Page One)

roads leading north from Warren County are undergoing a plow today. South of Warren highways are extremely slick, but passable.

Temperatures this morning dropped to 16 above, coldest yet. On Thanksgiving Day the low was 26, the high 36. The mercury today was not expected to rise above 28 degrees and snow is predicted to keep falling.

Warren streets have been dandered and kept open but are extremely slippery.

Gas station operators were twice aware of the storm, first when the cold snap arrived Wednesday night and late anti-freezers marched in. Thanksgiving and today they were appraised of the situation a second time when there was a rush of persons seeking chains.

PERSONNEL CHANGE

Frank Wescher, native of Erie and formerly of Pittsburgh, has been appointed personnel manager for the Buffalo Unit of A & P Food Stores, which includes this area. Mr. Wescher succeeds Richard Anderson, who has been put in charge of new promotional activities in the area, which runs from Erie to Ulaca and from Massena southerly to Warren.

Kinzua Man To Entertain Co. Historical Society

The next meeting of the Warren County Historical Society will be held Wednesday, November 23, at eight o'clock in the large court room of the Warren County Court House.

Richard Morrison, Kinzua, will show some of his collection of color slides and talk about the natural history and scenic wonders of the historic Kinzua Valley.

A life-long resident of Kinzua and an expert photographer, Mr. Morrison has taken shots of almost every square foot of the area, and his presentation should prove of great interest to all Warren countyites.

The public is cordially invited to attend.

Hammond Iron Reaches Agreement With Union

Production and maintenance employees of Warren shop of Hammond Iron Works have voted unanimously to accept a company proposal for a new wage agreement.

Negotiations between the company and Local 659 of the Boilermakers Union have been underway since early November. The new agreement will become effective December 1.

Minimum Fee For Parcel Post Mail Set at Ten Cents

Washington (AP)—The Post Office Department has announced that effective next Jan. 2 the minimum fee for insurance on parcel post packages will be 10 cents. The present 5 cents fee, which covers loss or damage up to \$5, will be abolished, acting Postmaster General Maurice H. Stans said in a statement.

The new 10 cent minimum will cover loss or damage up to \$10. Stans said the change will enable Post Office clerks to handle parcels with more speed and efficiency.

At present, parcels insured for a 5 or 10 cents fee must be marked to indicate whether a nickel or dime insurance has been paid and a receipt for the insurance must be made out to indicate the amount paid.

Under the new rule, all packages insured for the new minimum will imply be stamped "insured" and a simple form receipt will be issued. Stans said where no specific fee is indicated it will be assumed that the parcel is insured only for the minimum amount.

The change affects parcels sent to Canada as well as to those mailed to U. S. points.

YOUNGSVILLE

Youngsville—Mr. and Mrs. Burton Jaquith, Ripley, N. Y., have been guests of their daughter and son-in-law, the Rev. and Mrs. J. Norman Holder, Mrs. Holder accompanied them on their return, and on Monday was guest of honor at a family birthday party.

Firemen's Auxiliary held a short meeting Monday evening. Because of lack of a quorum, no business was transacted.

Girl Scout Troop 54 is working on basketry. Next week, they will start lessons for their swimming badge.

Jimmy Huxelton, Paul Lind, and Gordon Wilcox were elevated to First Class Scouts Monday night at the regular meeting of Troop 31. At the meeting of the committeemen, renewal of the charters of Boy Scouts and Explorer Post was discussed, as well as the National Jamboree at Valley Forge next summer.

A Youth Fellowship was organized in the Methodist church Sunday evening, with Norma Donaldson, president, and Margo Borton, secretary-treasurer. Shirley Egbert and Mrs. Howard Donaldson are adult advisers to the group, which will meet Sunday evenings at 6:30.

WCSO of the Methodist church is collecting discarded nylon hose, to be sent to the Women's Welfare Service of Japan which looks after Japanese widows. The constant flow of stockings means permanent work and security for Japanese widows, friends are reminded.

Van Raalte Hosiery Mathematics

\$1.35 the pair

Because you love nice things

One pair of Van Raalte Doubles lasts as long as two pairs of ordinary stockings. From this, you might think that Van Raalte Doubles are a service weight. Quite the contrary. Miraculous as it may seem, they're sheer as the sheepest, feel soft as silk with a flattering, permanent dullness.

The secret of their miraculous wear is in the special Van Raalte process of knitting which gives them just the right

amount of stretch. This means they have give and take—can absorb the foot and leg movements of the most active woman, and not pop holes!

Van Raalte Doubles fit as no stockings ever have before. With Flex-Fit seams that just can't twist. In a whole palette of fashion co-ordinated colors, and in your very own proportions (petites, mediums, lengthies).
